Moral Injury Education

Moral Injury and Moral Repair are two areas where the CVM assists service members and their families and is one of very few veteran-competent faith-based organizations in the Valley to do so. CVM also provides educational opportunities for the community to develop an understanding of Moral Injury, and, more importantly, how each of us can help our veterans.

“Veterans’ souls utter the anguish of wounds for which there is no medication.”
– Michael J. Meade, Director, Mosaic Multicultural Foundation
Moral Injury Education

For example, CVM has brought key national leaders in the field of Moral Injury and Moral Repair to the Valley including Rev. Rita Nakashima Brock, Ph.D., former Director of Soul Repair Center, Brite University; David Wood, Journalist and War Correspondent, Huffington Post; and Dr. Patricio F. Reyes, MD, FAAN, Phoenix VA Hospital. Educational programs such as these create a community of healing that supports the veterans’ spiritual journey and recovery.
